

The Queen's School is now available for community use.

The new school building and facilities are available for lettings including the 3G Astro pitch, classroom space and the large hall. The environment is ideal for sports clubs, music groups, academic organisations and those seeking both long term and one-off use.

Pricing is competitive and all proceeds go directly into school programmes and improvements. (Please see our website, <https://www.queens.richmond.sch.uk>, for more details on costs and the letting policies.)

If you have any questions and would like to learn more about hiring our facilities, please contact lettings@queens.richmond.sch.uk.
